

# Blueberry Hill Trail Network

Dear Friends,

We are passionate in the leadership we have taken over in the creation and development of Blueberry Hill trail system located within the Green Mountain National Forest surrounding Blueberry Hill Inn.

We are asking for your support for continuing stewardship of the trails for all to enjoy. Your final bill will include a \$5 **voluntary** donation per room, per night. *Should you prefer not to participate at this time simply ask our staff to remove this donation from your final bill.*

The funds will be used to help with the maintenance of the entire 60 km trail network including mowing, tree removal, bridge repair and stewardship efforts.

Blueberry Hill is firmly committed to preserving the critical natural elements of Vermont's heritage and landscape. We hope that you will join us in these efforts so that our guests, you and your friends and the entire community may enjoy the beauty and diversity of this region for many years to come.

We thank you for your support!

Tony Clark
